★ **A strong role model for your children**

SUCCESS!

“ TLC helped me turn my life around.

I have gotten my GED and my driver's license, taken computer classes, built a great resume, found work experience in the perfect job, and gotten guidance as a young mom. I am happier and feel my life is headed in a better direction for my young son and myself. Now, I'm even attending college! I am grateful for the caring teachers at TLC who helped me put it all together.”
