## GED and Basic Skills Classes

**Ready Math - Geometry - Morning Session** 10 - 11:30 am, Monday - Thursday

Six weeks of GED and College Prep Geometry will be sure to help you boost your readiness for the GED Test or your college entrance exams. Lessons are available online, and in class practice will help you master skills you never thought you could.

**Ready Math - Geometry - Evening Session** 5 - 6:30 pm, Monday - Thursday

Work during the day? No problem! This is the same class as above but in the evening, so your day job does not have to stop you achieving your education goals.

**Math for the Workplace** 1 - 1:50 pm, Monday - Thursday

This class works on basic skills that you find yourself needing in your daily life, whether at your job or at home in the kitchen. Master these basic math skills for the GED, your next job, or just to better yourself!

**What's up? Current Events** 2 - 2:50 pm, Monday - Thursday

Explore issues of the day and hear from an amazing array of guest speakers all while working on development of basic skills and knowledge of history and government.

**Online and In-Person Tutoring** 9 - 11 am and 3 - 4 pm, Monday - Thursday

By appointment only. Call or email to set up your first session!

## English as a Second Language Classes
